Lazy Head and Sleepy Bones

Always disagree

Though everybody says, "They should be friends"

They're too tired to see

When Sleepy Bones says, "He's feeling tired"

Lazy Head wants to rest

When Lazy Head says, "It's number one"

Sleepy Bones says, "It's best"

When Lazy Head uses imagination

Sleepy Bones daydreams

Sleepy Bones says, "It's not what it looks like"

And Lazy Head says, "It's not what it seems"

Lazy Head and Sleepy Bones

Always disagree

Though everybody says, "They should be friends"

They're too tired to see

When Lazy Head says, "Somebody's skinny"

Sleepy Bones says, "Thin"

When Sleepy Bones says, "Identical"

Lazy Head says, "Twin"

When Lazy Head says, "The window is closed"

Sleepy Bones says, "It's shut"

When Sleepy Bones says, "That something isn't"

Lazy Head says, "It's not"

Lazy Head and Sleepy Bones

Both take naps so long

And even though they should be friends

They can't get along

Lazy Head and Sleepy Bones

Always disagree

Though everybody says, "They should be friends"

They're too tired to see
