I don't want to be first in line to see Mrs. Train  
I expect that it doesn't matter to Mrs. Train  
Being comfortable with yourself  
And being patient and taking your time  
Are the things that Mrs. Train can understand

I've never seen a train like this before  
But then again there's never been  
A train like this before like Mrs. Train  
And someone's got to be the one to declare  
That they want to be next in line to see Mrs. Train

But I don't want to be first in line to see Mrs. Train  
I expect that it doesn't matter to Mrs. Train  
Being patient and taking your time  
Are things a train can understand  
And I'll be happy when I finally take her hand

There's never been a train like this before  
Someone's got to be the one  
At the head of the line to first see Mrs. Train  
But I'm not in any rush to head the line  
And so the line has a missing head

And I don't want to be first in line to see the missing  
head  
I expect that it doesn't matter to the missing head  
Being patient and taking your time  
Are things that a head can understand  
And I'll be happy when I finally take its hand

There's never been a head like this before  
Someone's got to be the one  
At the head of the line to first see the missing head  
But I'm not in any rush to head the line  
And so the line has a missing head

(Missing head)

And I don't want to be first in line to see the missing  
head

(Missing head)

I expect that it doesn't matter to the missing head

Being patient and taking your time  
Are things that a head can understand  
And I'll be happy when I finally take its hand

(Missing head)

And I don't want to be first in line to see the missing  
head

(Missing head)

I expect that it doesn't matter to the missing head  
Being patient and taking your time  
Are things that a head can understand  
And I'll be happy when I finally take its hand

(Missing head)

I don't want to be first in line to see the missing head

(Missing head)

I expect that it doesn't matter to the missing head  
Being patient and taking your time  
Are things that a head can understand  
And I'll be happy when I finally take its hand
