Operators are standing by
Smoking cigarettes and drinking coffee
Bounce their shoes at the end of their feet
And wish they could go home

Operators are standing by
Poking holes in the ceiling tiles
Making jokes about their old boyfriends

Operators are standing by
Talking about their portrayal
On TV where an actress sits
With a headset in outer space

That's enough talking, ladies

Operators are standing by
Smoking cigarettes and drinking coffee
Pass round the picture of a Mobius Strip
And wish they could go home

And wish they could go home
