Oh ya...
Come on...
Oh ya...
Come on...

If I were a dentist I would take the opportunity to look in
your mouth
Maybe if I did then I would better understand just what
you're talking about
And if my x-ray picture gave the proper information I'd
be back at the start
'Cause every time I try and talk to you my words keep
falling apart

Oh ya...
Pretty girls make me nervous
Come on...
Pretty girls make me nervous
Oh ya...
Pretty girls make me nervous
Come on...
When they're as pretty as you

And if I was a surgeon I would do an operation to
examine your heart
I'd check to see if you and me could really ever move
beyond the very start
And if my diagnosis turned out positive I'd still be only
dreaming of you
'Cause approaching you is something that I know I'd
never have the guts to do

Chorus

And when she smiles she makes me happy
And when she gets near I get so dreamy ah...
And in my award-winning dream I perform like I was on
a movie screen
As I casually pop the question

Do you wanna go out for coffee with me?

Minnie ... "I don't drink coffee"

If I were a lawyer I would argue for the right to kiss you
passionately

And if I were a teacher I would rewrite history so you
would end up with me

And if I were an architect then I'd be busy drawing up
the perfect plan

But of all of these things above so alone is the only
thing I am

Chorus X 2
