Sensurround

When I was only a zygote  
I still remember the time  
When there was nothing to know or to think about  
Except the sound of my mind  
And the sound from outside

Sensurround  
Down at the bottom  
Sensible to ear and sternum  
And the world first spoke to me in sensurround

If mom had known she was expecting  
She might have gone to see "jaws"  
Instead of picking the film where the sound effects  
Came right up through the floor  
And I'd be differently formed

Sensurround  
Down at the bottom  
Sensible to ear and sternum  
And the world first spoke to me in sensurround

Accidentally in a coal mine  
It was found  
When they accidentally dug too far down  
And found the sensurround

I still don't know who conceived it

Or where they got the idea  
But there it was in the aisle by the exit sign  
A woofer covered in wood  
To shake the world when it should

Sensurround  
Down at the bottom  
Sensible to ear and sternum  
Made the fakeness realistic  
When the action went ballistic  
One degree shy of sadistic

And the world first spoke to me in sensurround

If I could swim under the water  
Without having to breathe  
If I could follow the trail to the ocean floor  
I think I know what there'd be  
Down there waiting for me

Sensurround  
Down at the bottom  
Sensible to ear and sternum  
Made the fakeness realistic  
When the action went ballistic  
One degree shy of sadistic  
And the world first spoke to me in sensurround
