Spiderman, spiderman...
Friendly neighborhood spiderman
Is he strong? Listen bud,
He's got radioactive blood.
Hey there... WHERE? There goes the spiderman!

Spiderman, spiderman...
Does whatever a spider can,
Scooby Doo rocks Betty Crue,
Find him an octoped ingenue,
With flair... WHERE? There goes the spiderman!

In the heat of night, at the scene of the crime
With the speed of light, he arrives just in time...

Well, no red blooded boy or girl would miss this
Saturday's appearance of spiderman, down at the local
county fair, unless of course, they're at home with their
collections..

Spiderman's master plan, build his own little spider
clan! In the woods, now they're troops... fighting for
special interest groups!
Look out... WHERE? Wherever theres a bang. THERE?
You'll find a great big hang. SCARE? You'll find the
spidermaaaaaan~

Scoobydoobydoobydoobydoobaaah, my spider sense
is tingling!

Heh, it sure is. In such films as, Spidey Goes Speed
Racing. Spidey Hawaii! Spidey's girl. Spidey, My Pal.
Spidey the Underwater Adventure-Seeker. Spidey the
Fun Licker! Spidey, a Drink For All Ages.
