There's a girl with a crown and a scepter  
Who's on L S D  
And she says that the scene isn't what it's been  
And she's thinking of going home  
That it's old and it's totally over now  
And it's old and it's over, it's over now  
And it's over, it's over, it's over now  
I can see myself

At the end of the tour  
When the road disappears  
If there's any more people around  
When the tour runs aground  
And if you're still around  
Then we'll meet at the end of the tour  
The engagements are booked through the end of the  
world  
So we'll meet at the end of the tour

Never to part since the day we met  
Out on interstate ninety one  
I was bent metal you were a flaming wreck  
When we kissed at the overpass  
I was sailing along with the people  
Driving themselves to distraction inside me  
Then came a knock on the door which was odd  
And the picture abruptly changed

At the end of the tour  
When the road disappears  
If there's any more people around  
When the tour runs aground  
And if you're still around  
Then we'll meet at the end of the tour  
The engagements are booked through the end of the  
world  
So we'll meet at the end of the tour

This was the vehicle these were the people  
You opened the door and expelled all the people  
This was the vehicle these were the people  
You opened the door and expelled all the people

This was the vehicle these were the people  
You let them go

At the end of the tour  
When the road disappears  
If there's any more people around  
When the tour runs aground  
And if you're still around  
Then we'll meet at the end of the tour  
The engagements are booked through the end of the  
world  
So we'll meet at the end of the tour

And we're never gonna tour again  
No, we're never gonna tour again
