

They Might Be Giants "The Feel Good Sublet"

It's the feel-good sublet of the summer
The leaseholder left their cigars in the drawer
This place will hold us for one whole summer
Don't use the stove, refrigerator, or door

Feel-good sublet of the summer
The leaseholder left their cigars in the drawer
Feel-good sublet of the summer
Don't use the stove, refrigerator, or door

Killer sublet

For the summer
Chessboard missing all of the pawns
Four flight up and
Find yourself knowing
Feel-good sublet forevermore

If you only sublet one apartment
Let it be this one
