driving home from my mad lab  
realized something had changed  
looked in the sky, saw with my eye  
the moon was following me

where's the shadow government  
when you need it  
where's the shadow government  
it's a bad, bad world  
it's a bad, bad world

sifting through the confetti  
I picked up my broken phone  
looked in the crack, somebody went back  
to sitting on their somebody throne

where's the shadow government  
when you need it  
where's the shadow government  
it's a bad, bad world  
it's a bad, bad...

up the library steps  
up the library steps

up the library steps  
up the library steps

up the library steps  
(the humbly)  
up the library steps  
(the humbly)  
up the library steps

crawling out of the flop house  
I saw the mayor stealing my junk  
I doth protest citizens arrest  
now my body's in his trunk

where's the shadow government  
when you need it  
where's the shadow government

it's a bad, bad world  
it's a bad, bad world  
it's a bad, bad ...
