They might be giants  
They might be rain  
They might be heat  
They might be frying up a stalk of wheat  
They might be brain  
They might be washed  
They might be Dr. Spock's backup band  
CHORUS  
Tabloid footprints in your hair  
Tabid footprints everywhere  
We can't be silent  
Because they might be giants  
And what are we gong to do unless they are  
They might be giants  
They might be bald  
They might be snow  
They might be something else in the snow  
The might be fake  
they might be lies  
The might be big, big, fake, fake lies  
CHORUS
