The token back to Brooklyn fell between the grating  
And we're just watching it sinking  
The fare went up to one hundred dollars  
And we can never go home again  
The bill collector's drinking lighter fluid  
And says he'll tell our parents  
Our feet start running at a furious pace  
But we can't get away

#### Notes

The Dial-a-Song demo version (sometimes called "Get Away"):

Get away  
Get away

The token back to Brooklyn fell between the grating  
And we're just watching it sinking  
The fare went up to one hundred dollars  
And we can never go home again  
The fare collector's drinking lighter fluid  
And claims he killed our parents  
Our feet start running at a furious pace  
But we can't get away
