Erstwhile and estranged
I know I'm one in a long chain
I came to get my mini-bike returned

Same old bad times
I know they're one in a long line
I came to get my mini-bike returned

And I know there's truth in your words
Buried inside of your words

Yeah I've learned a thing or two
From hard times spent with you

And I know there's truth in your words
Buried inside of your words
Yeah I've learned a thing or two
From hard times spent with you
