She's a different kind of girl  
The kind you see in pictures  
I think you might have seen her  
Richard's on Richards

You know what I mean  
You know what I mean  
You know what I mean, bean  
Richards

She doesn't ride a motorbike  
She says it doesn't fit her  
But she always wears a monocle  
Richard's on Richards

You know what I mean  
You know what I mean  
You know what I mean, bean  
Richards

Look over there, check out her hair  
She's really on an ego trip

You know what I mean  
You know what I mean  
You know what I mean, bean  
Richards
