Through the rain girl,
I found Jesus
I found you and
I know nothing can take
Your place girl,
Your red lipstick

And I'm just afraid,
Cause this is the first time
That I'm not loving you,
And I'm not loving you

I got married,
To the Idea
To the notion
That you'd always be here
With me girl,
Like my shadow

And I wish I was there,
Just to run my hands through your hair

And I'm just afraid,
Cause this is the first time
That I'm not loving you,
And I'm not loving you

Girl you know I'm always thinking of you,
Haven't seen a summer since I saw you,
Baby don't worry about us
I feel your love,
I feel you inside
Yeah,

And I wish I was there,
Just to run my hands through your hair

And I'm just afraid,
Cause this is the first time
That I'm not loving you,
And I'm not loving you

Girl I'm not loving,
And I'm not loving,
You

Girl you know I'm always thinking of you,
Haven't seen a summer since I saw you,
Baby don't worry about us
I feel your love,
I feel you inside
Baby,

Girl I'm not loving you
You
