Oh!

She's the kind of girl you wanna marry  
The kind of girl you walk the whole earth for  
Put her on your back and just carry  
Her attitude is hotter than the earth's core

When she's around nothing else matters  
Untouchable she's got her own forcefield  
Sooner or later someone will get at her  
If I don't someone else will

Wanna love you girl  
Wanna love you girl  
Wanna love you girl  
Wanna love you(4x)

Oh, oh, oh, oh, oh, oh, oh, oh  
Oh, oh, oh, oh, oh, oh, oh, oh(uh)

She's the kind of girl you wanna marry  
Scientists say that she's the second sunshine  
And now my life is sweeter than berries (bluee  
berries)  
I guess if we have sex our love will turn to wine

When she's around nothing else matters  
Even if the sky was at a stand still  
If I turn my back then someone will get at her  
If I don't someone else will

Wanna love you girl  
Wanna love you girl  
Wanna love you girl  
Wanna love you(4x)

Oh, oh, oh, oh, oh, oh, oh, oh  
Oh, oh, oh, oh, oh, oh, oh, oh

Wanna love you girl  
Wanna love you

(I'm so glad I found you, oh girl)  
Wanna love you girl  
Wanna love you

[Pharrell:]

Uh, picture this all  
Picture my life and my intention to ball  
Picture this ice and how it glitter for ya'll  
Now don't you feel claustrophobic when the chick is  
involved  
She changed your life  
And your frame of mind  
Sorry I hope what I'm saying is fine  
We fuss but we take it one day at a time  
If there's a fire you know that she'll lay in the line  
I just close my eyes and curve my mouth  
Open my mind and words come out  
You're eclectic, you're creative  
You the picture girl I just painted  
I got it you name it, it's all paid for  
Big Castle on the safe shore  
With the Willy Wonka decor  
How that sound Mr. and Mrs. Skateboard 'P'

Wanna love you girl  
Wanna love you  
(I'm so glad I found you, oh girl)  
Wanna love you girl  
Wanna love you
