I would be you
You would be me
We would be one
We would just fine

The ice caps wouldn't melting
And neither would I
I would just drive my big old car
And everything would be alright
Energy would just fall down right from the sky

Words would fly right from outta my mouth, out of my
mind
Into your heart, into your life
And everything would sound just right
And no one would stop me from drinking my wine

That's my dreamworld
That's my dreamworld
It's more than a dream
A dreamworld
That's my dreamworld
And I wanna live in my dream

For the real world just don't feel right
I Wouldn't spend my days searching for, searching for
love's tide
I wouldn't be so damn sensitive, I'd let things go by
No matter what the weather, I'd learn to change, I'd
change with the tide

Everytime I'd need a woman
She'd would be right by me
She'd hold me tight, treat me right
And tell me everything is gonna be, gonna be alright
Alright

That's my dreamworld
That's my dreamworld
I would tell Van Gogh that he was loved
There's no need to cry
I would tell Marvin Gay

His father didn't want you to die
There would be no black or white
The world would just treat my wife right
We could walk down Mississippi
And no one would look at us stride

That's my dreamworld
That's my dreamworld
It's more than a dream
A dreamworld
That's my dreamworld
And I wanna live in my dream
