There's a part of me that begs you
It kicks and screams
Not a damn thing I won't do
Intentions for the best
I could use a little less of the smoke
This life is set

So I'll tear this place down
Fuck it
I'll make my way out
Listen to the swell of the sounds
To hear me tear my voice out

Some would say we're mulling over this
I'd like to think sparking thoughts
And making up
Just who am I to pick
For your sake
I'm caught between a rock and a new face

Tear this place down
Told you I'd make my way out

Wait to tell me
Western winds will only blow you
As far as the home you won't face
And thankfully I've had fill

Of the sin from all this business
A break from backing
What life's been lacking
I swear it's been clean fun
But I've packed my shit up
And hit the road to run

Wait to tell me
Western winds will only blow you
As far as the home you won't face
And thankfully I've had fill

The wind
I'm done with everyone

I thought you would agree when
Dry throats unite I'll try to sneak you in

Wait to tell me
Western winds will only blow you
As far as the home you won't face
And thankfully I've had fill

The part of me that begs you
It kicks and screams
Not a damn thing I won't do
Intentions for the best
I could use a little less of the smoke
This life is set

So I'll tear this place down
Fuck it
I'll make my way out
Listen to the swell of the sounds
To hear me tear my voice out

The wind
I'm done with everyone
I thought you would agree when
Dry throats unite I'll try to sneak you in
