It serves me right to suffer  
It serves me right to be alone  
It serves me right to suffer  
It serves me right to be alone

Cause Iâ´m livin with the memories  
Of the days that's passed and gone  
Everytime I see a woman  
You know it makes me think about mine  
Everytime I see a woman  
You know it makes me think about mine

And the way she used to treat me  
People I just cab't keep stop cryin

I don't seem well and Iâ´m absent  
I hardly sleep at all  
My ??? puttin'me on a headache  
Of nicotin and alcohol  
It serves me right to suffer  
It serves me right to be alone  
It serves me right to suffer  
It serves me right to be alone

Cause I'm living with the memories  
Of the days that's passed and gone
