She's quite a mediator
A smoother operator you will never see
Said "see you later"
You know one day I disobeyed her openly

She knows music
I know music too, you see
She's got the power
The teen queen, rosalie

She's got the pleasure
Comes from all the cornerstones of the world
She's so fantastic
She's everybody's favorite little record girl

She knows music
I know music too, you see
She's got the power
I got the power, rosalie

Rosalie

Down on me, rosalie
Shine on me will you please

Well chattanooga, lacooda, baoooga loosa
You can hear her fine
She makes the choices
Then you'd best be smiling when it's losing time

She knows music
I know music too, you see
She's got the power
She is a tower, rosalie
