It's a tedious existence laying your love on the line  
Resistance is useless she can leave at any time  
I must confess that in my quest I felt depressed and  
restless  
But this casanova's roving days are over more or less

With love

She broke my heart and made me sad  
You foolish boy you lost what you had

My mademoiselle I must make my farewell  
You see senor I know she don't want me no more  
I'd like to make that fraulein mine, mein fraulein  
So I'll depart sweetheart and leave you with this line

With love  
She says she won't be back no more  
With love  
She says she's leaving for sure

My mademoiselle I'll say farewell  
No matter where you are, au revoir  
'til we meet again, auf wiedersehn

She wrote it on a letter  
But it didn't make him feel any better  
With love  
She says goodbye, adios, farewell

There are those who will spend a lifetime of leisure  
'til the leisure finally takes control  
And they'll spend their life in search of pleasure  
Never knowing the treasure that they own

There are those who will spend a lifetime in hard labour  
'til the labour breaks both body and soul  
And they will learn to love their neighbor  
And be assured of what they own
