

Thieves And Villains "Worlds Apart"

Visit "[Worlds Apart](#)" on MotoLyrics.com

We're heading down a windy road
And always facing toe to toe
I need to know what's real is mine.
I maybe hate the things you say
But surely won't be pushed away
You're half of me I'm here to stay.

And we are two worlds apart
I'm hoping ours will soon collide.
And I love you from afar
You truly are my world my life.

You're backing up and pulling out
I'm swearing that I'm holding out
For you my eye could never stray.
You're scared of this I understand
And maybe for a reason since
You've only been wronged before.
But I swear. I swear
If it's the last thing that I ever do
I'll prove that I'm enamored with
Every single piece of you.

And we are two worlds apart
I'm hoping ours will soon collide.
And I love you from afar
You truly are my world my life.
