"Shyness"

My heart bleeds about it,
bleeds about it today
It's hard, but I know
that I'll make it to the kingdom one day
I was a fool yeah
never thinking of the choices I made

Shyness, let it go
Never have to be alone
Shyness, shyness
Shyness, let it go
Never have to feel so lonely
Shyness, shyness

Under the moonlight
I was waiting for an answer
Some way, I walked in shadows
was unfaithful to the people who care
My heart bleeds about her
bleeds about her today

Shyness, let it go
Never have to be alone
Shyness, shyness
Shyness, let it go
Never have to feel so lonely
Shyness, shyness
