Hey listen closely
Listen while I tell you
Why he loves you
And what he misses mostly

It's pointless, his pretending
He's got a broken heart
A broken heart
That needs mending

You didn't tell him
You didn't want to see him again
You didn't tell him
You didn't want to see him again

He's goin' crazy
He's reckless
Without you baby
He's helpless

It's deadly, how you broke him
He's a fool
Without you baby
I'm not jokin'

You didn't tell him
You didn't want to see him again
You didn't tell him
You didn't want to see him again

Now when I'm down
My friends they always come around
And when I'm upset
My friends they help me to forget

But how can he forget?
He hasn't got a friend

'Cos no one told him
You didn't want to see him again
You didn't want to see him again

Now when I'm down
My friends they always come around
And when I'm upset
My friends they help me to forget

But how can he forget?
He hasn't got a friend

No one told him
You didn't want to see him again
You didn't tell him
You didn't want to see him again

He's all washed up and washed out
Without you baby
Every place he goes
He's thrown out

He's turned vicious
He's malicious
Just goes to show how much
He misses

He wouldn't tell me
You didn't want to see him again
You didn't tell him
You didn't want to see him again

I couldn't tell him
You didn't want to see him again
I didn't tell him
You didn't want to see him again
