I took a line that leads you to the opium trail  
Oriental eyes reveal the lies, deceit, betrayal  
On this journey behold the one who travels far  
You called him fool but now you are

The wizard wanders through the world we made from  
dreams  
The splashing whirlpool drowns the frightened  
screams  
Exotic dancers, flashing lenses, this mysterious space  
The fanfare advances, the warlord falls from grace

It clears your pain  
But it's got you claimed again, my love  
You feel the need but it lets you bleed  
You must concede, my love

No one to blame, no shame  
You crave again and again, my love  
No used to plead from you  
It feeds on your greed, my love  
Oh, it's got to you, my love

I took a line that comes from the golden states of Shan  
The smugglers trail that leads you to the opium den  
The Chinese connection refines to heroin  
Depart the heart you crave again

It clears our pain  
But your soul is claimed again, my love  
You feel the need, but it lets you bleed  
You must concede, my love

No one to blame, no shame  
You crave again and again, my love  
No use to plead  
From you it feeds your greed, my love
