

Thine Eyes Bleed

"Holy Spirit"

I can feel it in the air, I can feel it in this place
And I hope that he never leaves
I'm now without a care. It is something I can't explain
And I feel so free
Chorus:
Holy Spirit, we cry to you
Holy Spirit, in this place
Holy Spirit, give us comfort
Come down on us like a flame
Read about him in the Bible. He was in the men of God
And though I don't deserve it, He is in me
You can feel a new revival. Ask Jesus in your heart.
And you'll feel so free....
(Chorus)
Bridge:
You've got to feel it, oh to believe it
You've got to see it, won't you receive it
Why don't you believe in....
(Chorus)
