Now were all done in this misery
Take your dreams watch them crumble
In control of this therapy
Taste the poison
Inject the affliction
Pernicious calming of the weak
Solitude uncage your demon
Count every second off your feet
It's a matter of time
You're gonna die motherfucker
You can take what's mine
Just don't you forget it
Now the wicked will overcome the light
Sacrifice
Abuse
Addiction
A fatal mind with no love in site
We feel it within our souls
Inhale your strength
It's in the air we breathe
It's in my skull and these walls are closing in
Endless nights
Unforgiving days
Buried under your grey skin it's a matter of time
You've grown to know
Come to me when there's nowhere to fucking go and
there is no one to blame for this misery
Fuck your dreams
Watch them crumble in control of this catastrophe
It's a matter of time you're gonna die motherfucker
You can take what's mine
Just don't you forget it
It's a matter of time don't lie motherfucker
You can take what's mine
Can't you feel you've lost it
Now the wicked will overcome the light
Sacrifice
Abuse
Addiction
A fatal mind with
No love in site
