It's a girl thing!  
With the right swing!  
So move over while we do our thing  
Woah (hey, hey, hey, hey, hey, hey, hey) the last one  
standing  
Yeah, yeah, you know we are the last ones standing

It's the end of an era, the start of a new day  
We get the mic and we're gonna rock it our way  
People saying that the world has changed  
'Cause of power to the girl, but the girl's the same  
We've got feminine touch in all the right places  
Stars in our eyes and smiles on our faces  
Round one, it's over, hear the bell ring  
So move over while we do our thing

Don't get me wrong, we're not tryin' to front  
But Cindi was right, girls just wanna have fun  
It's a girl thing with the right swing  
G for the girl and T for the thing  
'Cause life's a game and we all like to play  
But when it comes to love we love to do it our way  
Some say we are physically demanding  
Only 'cause we're the last ones standing

Refrein:  
Pull your baby nearer, it's the end of an era  
And we're the last ones standing  
Yeah, yeah, you know, we are the last one standing  
It's your party, keep us here let's stay up all night  
And be the last ones standing  
Yeah, yeah, you know, we are the last one standing

Try forgetting everything that you heard before  
No matter how many times you hear this  
You'll wanna hear it some more  
This is our year so have no fear  
We're gonna stay, y'know, we're gonna take it all the  
way  
Tight-knitted, we're fitted, no-one can break us  
Take us away from each other brother  
'Cause when the girls wanna hit the scene

Together like a team we're gonna take it to the extreme

A wink and a smile is always worth your while  
But when the girls step to it you know that we can do it  
C'mon, check the vibe and all the rhymes we're bringin'  
Beat so hard we've got alarm bells ringing  
Watch the girls shine, don't walk away  
It's our time and we wanna play  
So if you find this physically demanding  
It's no surprise we're the last ones standing

Refrein:

Pull your baby nearer, it's the end of an era  
And we're the last one standing  
Yeah, yeah, you know, we are the last one standing  
It's your party, keep us here let's stay up all night  
And be the last ones standing  
Yeah, yeah, you know, we are the last one standing

Nothing's keeping us down  
Because we're on tonight and there's no denying it  
The world's our merry-go-round  
The time has come tonight for getting down let's party  
Squeeze a little left, push a little right  
There's a whole lotta love in the world tonight  
Are you in, are you out, grab the mic and give a shout

Refrein:

Pull your baby nearer, it's the end of an era  
And we're the last one standing  
Yeah, yeah, you know, we are the last one standing  
It's your party, keep us here let's stay up all night  
And be the last ones standing  
Yeah, yeah, you know, we are the last one standing

Refrein:

Pull your baby nearer, it's the end of an era  
And we're the last one standing  
Yeah, yeah, you know, we are the last one standing  
It's your party, keep us here let's stay up all night  
And be the last ones standing  
Yeah, yeah, you know, we are the last one standing

Pull your baby nearer  
it's the end of an era  
And we're the last one standing
