There's a bad angel beside me  
she's got her big eyes on you  
she's moving things around the room  
but she really wants to move you.  
Listen to the bad angel  
her mind is fixed on you.  
Improving you, moving you  
Her mind is still fixed on you.  
There's a bad angel inside me  
and I'm the one she's talking through  
she says money buys you freedom  
and freedom brings you choice  
but you've got no reason to talk  
in someone else's voice.  
She's part shaman  
she's part trickster  
a random spirit lost and found  
and if you're ever feeling jinxed  
just stop and think if she's around.  
Don't ignore the bad angel  
she sees so much more than you  
confusing you, using you  
watching everything that you do  
There's a bad angel inside me  
and I'm the one she's talking through  
she says money buys you freedom  
  
and freedom brings you choice  
but you've got no reason to talk  
in someone else's voice.  
Now the bad angel could guide you  
just as she can fool you too  
with all her information  
she's got the power to pull you through.  
Put your trust in your bad angel  
she knows what's good for you  
protecting you teasing too  
she'll see justice done by you  
There's a bad angel inside me  
and I'm the one she's talking through  
she says money buys you freedom

and freedom brings you choice  
but you've got no reason to talk  
in someone else's voice.  
The bad angel can guide you  
watch out - she can fool you too.  
Trust in your bad angel  
she'll see justice done by you
