Is it time to throw away our memories?
Photographs and relics of what used to be
Is it time to start again?
Another life, another name
Oh, does it have to end?
I always felt save with you

And do the best adventures have to end? Now do we leave the scene as friends?

Is this how I'll find love and trust?
From being so alone, alone and lost
Is this where we say goodbye, rather than just live
another lie?
Does it have to end?
I always felt safe with you

And do the best adventures have to end? Now do we leave the scene as friends?

There is a silence in our heartaches, it's the cry of the unknown
It's like a bird that can't be heard
Is it really time to go? (Go, go, go)
Is it time to throw away our memories?
Photographs and relics of what used to be
Is it time to start again?
Another life, another name
Oh, does it have to end?
I always felt save with you

And do the best adventures have to end?
Now do we leave the scene as friends?
And do the best adventures have to end?
Now do we leave the scene as friends?
And do the best adventures have to end?
Now do we leave the scene as friends?
And do the best adventures have to end?
Now do we leave the scene as friends?
And do the best adventures have to end?
Now do we leave the scene as friends?
