Click your heels
And feel you come for me
Care free, she's got somethin' big to tell me
At the ocean
Talk back at the ocean
There's no simple way
To let you know
Funny how she always cried out daddy
I got a big surprise, she said

I'm in trouble now
And it cannot wait
She's ten days late
Boy, your life got complicated
Well I can't wait
To see this through
She's ten days late
Ten days late

Low ride bicycles go cruisin' by
I laugh
I don't even know why
Talk back at the ocean
Consequence and ozone
Catch a glow
Ah ah ah
Oh no, baby, oh no no

No
Give me a minute now
To figure out my state
Oh I know, she's ten days late
And I don't know
Where to take it
But it's still, great
Knowin' you
She's ten days late
Ten days late, ah ooh

Time has come for you to choose
(Woo)
Baby daddy keep your boo

Many blessings come to you
Baby daddy keep your boo
Baby daddy keep your boo
Baby daddy keep your boo

Your eyes look to me for what to do
I can't lie, uh uh
I don't know
At the ocean and
Talk back at the ocean
No ones laughin'
Now what do I say
I walk away but, oh no
Don't go
At the ocean and
Talk back at the ocean

Give me a minute now
To figure out my state
She's ten days late
And I'm never goin' to fade it
Guess I'll always be
Knowin' you
(Ten days late)
Knowin' you
Knowin' you
Crawl on the bedpost
