A little early in Spring for a bonfire ring  
She's shivering alone.  
I bumped into you somehow.  
Well, you can wear

My duct-taped vest  
It's a party vest  
It's really all I own  
Everything's changing now

And I am high like a star that's flying  
Cassiopeia  
Everything's changing now

She said it's alright  
She said no don't die alone,  
There's no goodbyes.

Lightning comes and lightning goes  
And it's all the same to me (Comin' to get you)  
Let it in  
Cause I want you so  
I can hardly breathe or release (Comin' to get you, too)  
Into one thousand pieces  
I have broke into  
Over you (Comin' to get you)  
Night's shade will soon be gone,  
I keep burning on and on and on

If nothing else I am myself,  
That's all I have to give  
Everything's changing now.

Oh we could live like kings  
If we take a risk  
We could live in doubt (whoaaa)  
Everything's changing now oh now come on come on,  
and

Lightning comes and lightning goes  
And it's all the same to me (Comin' to get you)  
Let it in

Cause I want you so  
I can hardly breathe or release (Comin' to get you, too)  
Into one thousand pieces  
I have broke into  
Over you (Comin' to get you)  
Night's shade will soon be gone,  
And I keep burning on and on and on

This, this is, this is the last time, it's the last time  
This, this is, this is your goodbye  
This, this is, this is the last time, it's the last time  
This, this is, this is your goodbye!

(Whoaaaa)

Some girls break you down  
Just to see you come undone  
Everything's changing now.  
Maybe you and I are cursed  
Maybe you and I are one.  
That's the universe  
Around, around, keep changing

Lightning comes and lightning goes  
And it's all the same to me (Comin' to get you)  
Let it in  
Cause I want you so  
I can hardly breathe or release (Comin' to get you, too)  
Into one thousand pieces  
I have broke into  
Over you (Comin' to get you)  
Snuff the flames at dawn,  
I keep burning on and on and on (Comin' to get you)

Did you get what you wanted? (whoaaaa) (Comin' to get  
you, now)  
Did you get what you wanted? (whoaaaa) (Comin' to get  
you)  
Did you get what you wanted? (whoaaaa) (Comin' to get  
you, now)

(Whistling)
