Justice comes into your life and then you'll know  
You'll know  
Justice comes, justice let it come  
I get the justice coming for you and I  
I get the joy joy when it comes my joy, I get the joy  
When justice comes to everyone

Why does a willow weep when all I see's a tree grow  
All in camouflage everyone that I know  
We walk along like sequel, you're a cameo  
You've got your joy  
So find the people of your own

I'll take in anyone who's taking off their camouflage  
Go on, check it  
I'll take in anyone who's messing up the sabotage  
To yourself don't destroy  
I'll take in anyone who's taking off their camouflage

Gimme the ball, gimme it all, big orange ball  
Roll up over fields  
I shame the Devil 'cause I throw it down so hard  
I rock the big line, I rock the back yard

Be a dream in color even on a winter's night  
Thinking George Seurat, afternoon bathed in light  
Get your joy no matter who says it's right  
Their cover's blown  
Find the story of your own

Check it  
I'll take in anyone who's taking off their camouflage  
Go on check it  
I'll take in anyone who's messing up the sabotage  
To yourself don't destroy  
I'll take in anyone who's taking off their camouflage

Okay, okay, okay  
In the geometry of, prism of my of my eye will flow  
I ask the questions and wonder why  
Only to roll in a big arrange ball that floats in a summer  
sky

Take it up from the underground, proactive and soul  
Play a vital roll that's what you are

Check it, check it, check it  
I'll take in anyone who's taking off their camouflage  
Go on check it  
I'll take in anyone who's messing up the sabotage  
To yourself don't destroy  
I'll take in anyone who's taking off their camouflage  
Yeah
