Hey, will you stay awhile? My smile will not mislead you
'Cause I've been alone, my faith turned to stone
Still there's something in you that I believe in
Close to your pierce, I go wild with fears
Still I let you be, I feel you next to me

'Cause inside I feel
A wind that starts to blow
I'm taken in your undertow
Everything is fine
I'm lonely all the time

'Cause all I want to do is be there
For the things that you're goin' through
Well is it good for you?
Is it good for you?
'Cause you are the nights
When I don't know where my life should go
Well is it good for you?
Is it good for you?

Hey, child please stay awhile
My smile will not mislead you
'Cause I've been without
I go wild with doubt, I grab at you
I can't stop grabbin' at you

'Cause I feel you
Cross my mind in disarray
Intoxicated ricochet
There's nothin' wrong
Just don't take too long

'Cause all I want to do is be there
For the things that you're goin' through
Well is it good for you?
Is it good for you?
'Cause you are the nights
When I don't know where my life should go
Well is it good for you?
Well is it good for you?

All I want to do is be there
For the things that you're goin' through
(Goin' through)
Well is it good for you?
(Good for you?)
Well is it good for you?
(Good for you?)
'Cause you are the nights
When I don't know where my life should go
(My life should go)
Well is it good for you?
(Good for you?)
Well is it good for you, you, you, yeah?
