Uuuhh

Since I was a little kid I tried to get out of my head
Trapped on the playground I would stare at the sky...
I didn't even know why
But daily life
It took an evil shape
Some conformed
And some tried to escape
And those are the misfits that I've known
Like a sock in the eye
They feel it to the bone
It's a joke that we all know
We're the bait in a horror show

Yeah, we are alone
In a horror show

Banish me and mine to outer space
I'd shoot there in a second
Just for the breathing space
I'd put the punks on the moon
For head-room, mods rule the galaxy
That's the way
I think things should be
The creep in you
Is the creep in me
The gravity presses down like a lie
We want wild sex
But we don't want to die
Do you feel there's no where to go?
We're the bait in a horror show

And we're all alone in a horror show...
Yeah, we are alone in a horror show

Ooeewww , If I spoke in words of only hate
Tell me would you know?
Could you relate?

And I, I wish I met Lou Reed
Woo, out on his darkened sea

'Cause I felt it when his blood would flow
It doesn't take a thousand years to know
That ship burned a long time ago
We're all alone in a horror show

Doot do
Oot oot
We're all alone
We're on... our own
In a horror show
Yeah

Ooeeww I
