I wanna new girl,  
The kind everybody wants  
The kind that shout it out  
And then we laugh it off  
I'll be a terrorist if she will be a looter  
I am the team invading on a motor scooter and  
We put aside all what people say,  
People say to  
And then she gets in bed with you

I wanna new girl who can show me how to have  
A good time  
And get closer to my life's design,  
In the darkness, candle light across my face,  
I feel myself fall into grace and  
She puts on a shadow when people say,  
And people say boo  
And then she gets in bed with you

(Then sometimes I get to feeling so left out)  
An' then I'm here again,  
I'm crying in my beer again

(Don't lay this bug juice down like a jail)  
This is a lonely jail,  
I'm singing in my jail cell  
Some kind of spots,  
I wipe, I use the pain,  
The pain I'm going through  
And then she gets in bed with

(You, you, you, you)  
(You, you, you, you)  
(You, you, you, you)  
(You, you, you, you)

We walk that avenue in a dark silver suit,  
In the blowing wind,  
No demons persecuted,  
An' in the darkness candle light across my  
Face  
In my mind I see

The kind of spots I wipe,  
I use the pain, the pain I'm going through  
And then she gets in bed with

(You, you, you, you)  
(You, you, you, you)  
(You, you, you, you)  
(You, you, you, you)

(Man sometimes I get to feeling, so left out)  
But then I'm here again,  
I'm crying in my beer again

(Don't lay this bug juice down like a jail)  
This is a lonely jail,  
This is a jail cell  
She puts on that shadow when people say,  
People say to[?]

I'm very pleased to meeting you  
She got the spots I wipe,  
I use the pain,  
The pain I'm going through  
But then she gets in bed with you

What what what.
