I want a new girl he kind everybody wants,  
the kind that shout it out and then we'll laugh it off  
I'll be her terrorist if she will be your looter  
I have the team invading on a motor scooter and...  
Put side aside all what people say, people say, ow  
and then she gets in bed with you  
I want a new girl who can show me how to have a good  
time  
and get closer to my life cuz i'm in the darkness candle  
light across my face  
I feel myself fall into grace and...  
Put side aside all what people say people say ,ow  
and then she gets in bed with you  
And sometimes i get the feeling, so left out  
AND then i'm heer again, Im crying in my beer again  
Don't lay this ?bug juice? down like a jail  
This is a lonely town Im singing in my jail cell  
The scattered spots i wipe, i use the pain, the pain i'm  
going through  
and then she get's in bed with you..... oh oh oh..she's  
brand new....she's  
brand new..she's brand new.....  
We walk the avenue in the dark in silver soup

In the blowing wind, no demons persecuted

and in the darkness candle light across my face

In my mind I see

The scattered spots i wipe, i use the pain, the pain i'm  
going through

and then she get's in bed with you... oh oh oh she's  
brand new...she's brand

new...she's brand new

and sometimes i get the feeling, so left out

and then i'm here again i'm crying in my beer again

Don't lay this ?bug juice? down like a jail

this is a lonely town, this is a jail cell

Put side aside all what people say, people say ow,

and then she gets in bed with you...

the scattered spots

wipe, i use the pain, the pain i'm going through...

and then she get's in bed with you
