Time tick tick ticks after me  
My mp3 is out of juice  
I wrote a song for you but what's the use  
How did we get knocked so loose, knocked so loose.

Someone I swore I'd never be  
Who trades his dreams for security  
Walks this city blindly  
Lately it's a little hard for me to see  
Lately it's a little hard for me to believe

And it's all disappearing  
And it all falls apart  
And it seems like the ending  
Is a lot like the start

Well nature has its own rules  
Like gravity crushing me  
And lies, I'm of the memory  
Lately it's a little hard for me to believe  
At least you left a mark on me

And I think there's a reason  
At least there's a sign  
And all that we call chaos  
I will say it's by design  
But I'm just lying

What you need is a sharp knife, son  
To come back down from an all time low  
I think I'm not the only one  
I wish I was a sharp knife  
Swing that blade right through my life  
Careful, you could hurt someone  
I wish I was a sharp knife to cut

A shiv,

A shiv,  
A shiv,  
A shiv.

So new friend can you hear this?  
Can we return to fearless?  
Merry pranksters one and all  
And walk that devil down the hall

Yes it's all disappearing  
And we should all just go along  
And it all would be so easy,  
If we could just say, "let it be."  
But that's not me.

What you need is a sharp knife, son.  
You can come out of an all time low  
Seems like I'm not the only one  
I know I'm not the only one  
I wish I was a sharp knife

Swing that blade right through my life  
Careful, you could hurt someone  
I wish I was a sharp knife,  
A sharp knife,  
To cut.

A shiv,  
A shiv,  
A shiv,  
A shiv.

What you need is a sharp knife son  
You can come back down from an all time low  
Seems like I'm the only one  
I wish I was a sharp knife.  
Swing that blade right through my life  
Careful you could hurt someone  
I wish I was a sharp knife  
A sharp knife  
To cut.

A shiv,  
A shiv,  
A shiv,  
A shiv.
