I never loved blues 'til Stevie Ray Vaughan,
I never felt you 'til you were gone.
And all of my shadows grow taller than trees,
And all of my good means nothing to me.

Don't let go, never say 'I told you so'
Yeah

If there was a word, what I did to myself,
And all the longing with nothing else,
If there was a word for longing and peace,
Until you give me some sweet release.

Oh.
I'll let go, I'll let go,
Yeah,

We can't say we didn't give it,
We can't say we didn't try,
We can't say we didn't give it all the way.
We can't say we didn't sing it every single night
We can't say we didn't give it all the way.

Find another girl.

And all the statues that came to the park,
A different life for after dark.
And all the bones say, 'Just one more day,'
I didn't ever let it through all the way.

We can't say we didn't give it,
We can't say we didn't try,
We can't say we didn't give it all the way
We can't say we didn't sing it every single night
We can't say we didn't give it all the way.

I never loved blues until Stevie Ray Vaughan,
I never felt you until you were gone.
And all the shadows grow taller than trees,
And all my good means nothing to me.

Woo. (x2)

We can't say we didn't give it,
We can't say we didn't try,
We can't say we didn't give it all the way.
We can't say we did a limit every single night
We can't say we didn't sing it all the way.

Find another girl. (x3)
