Tu ru ru ru ru ru ru  
Tu ru ru ru ru ru ru ru  
Tu ru ru ru ru ru ru  
Tu ru ru ru ru ru ru ru

There's a big red sky, over you and I  
And it's comin' down, and we're pumpin' over ground  
In desert air, I hope you'll be there  
'Cause it's comin' down, pumpin' over ground

Tu ru ru ru ru ru ru  
Tu ru ru ru ru ru ru ru  
Tu ru ru ru ru ru ru  
Tu ru ru ru ru ru ru ru

I've seen car wreck kids, walk away from it  
I laughed from within  
I know these days will end

It's been a long time, been a long time  
To walk with the mighty  
Walk with the mighty  
Let me go, let me go  
On my own  
I said it's been a long time, been a long time  
To walk with the mighty  
Walk with the mighty  
Let me go, let me go  
On my own  
(Tu ru ru ru ru ru ru)  
Alright

Tu ru ru ru ru ru ru ru  
Tu ru ru ru ru ru ru  
Tu ru ru ru ru ru ru ru

I'll make do with none, I will blame no one  
Slept on packin' foam, I'll make it all my home

I'll take on anyone  
I'll take on anyone  
I'll take on anyone

I'll take on anyone  
I'll take on, take on anyone, I'll  
(He's too bad)

I'll take on anyone  
I'll take on anyone  
I'll take on, I'll take on anyone  
I'll take on anyone  
I'll take on anyone, I'll

It's been a long time, been a long time  
To walk with the mighty  
Walk with the mighty  
Let me go, let me go  
It's a long time, go  
It's been a long time, been a long time  
To walk with the mighty  
I'm gonna walk with the mighty  
Let me go, let me go  
On my own so

I'll take on anyone  
I'll take on, I'll take on anyone  
I'll take on, I'll take on anyone  
I'll take on anyone, I'll  
(He's too bad, ooh)  
(So he loves you)

Tu ru ru ru ru ru ru  
Ohh, tu ru ru ru ru ru ru  
Not done, ohh  
These days, they're not done, no  
These days, they're not done  
In the red, summer sun  
These days, they're not done  
The red, summer sun  
The red, summer sun  
Tu tu tu ru  
Pa pa pa pa pa  
Tu tu tu ru tu
