I hold a grudge against you

For everything you've done
They want me to forget you
But that's not any fun

I push the pin piercing your hand
For every time you slapped my face
Another silent reprimand
Just to put you in your place
Another pin between your eyes
For looking at me with disgust
Another needle through your lips
For all your lies and my mistrust

And I'll be there to watch you fall
Watch you fall
Yeah I'll be there to watch you fall
Watch you fall
Watch you fall

I never meant to hurt you
So why did you hurt me
And when we all desert you
Maybe then you'll start to see

I push the pin piercing your hand
For every time you slapped my face
Another silent reprimand
Just to put you in your place
Another pin between your eyes
For looking at me with disgust
Another needle through your lips
For all your lies and my mistrust

And I'll be there to watch you fall
Watch you fall
Yeah I'll be there to watch you fall
Watch you fall

I push the pin piercing your hand
For every time you slapped my face

Another silent reprimand
Just to put you in your place
Another pin between your eyes
For looking at me with disgust
Another needle through your lips
For all your lies and my mistrust

And I'll be there to watch you fall
Watch you fall
Yeah I'll be there to watch you fall
Watch you fall

Yeah I'll be there to watch you fall
Watch you fall
Yeah I'll be there to watch you fall
Watch you fall
Watch you fall
