Like badges I wear the scars  
Where they cut me again and again  
Went to hell for my summer vacation  
Kill me to save me is their master plan

Filled with hate, powered by pain  
It's fingers stabbing me again  
Till I bleed no more  
Scattered pieces, crippled and scarred  
A shell of a man

Take my life and shred it to pieces  
Live or die, nobody gives a damn  
Fuel up on pain each morning  
Another day to give you hell again

Filled with hate, powered by pain  
It's fingers stabbing me again  
Till I bleed no more  
Scattered pieces, crippled and scarred  
A shell of a man

A shell of a man  
A shell of a man  
A shell of a man
