OLE OLE OLE OLE

Everyone in the house are you ready tonight
To play a game that make you feel right
All it takes is a little one on one
Gather round and we'll have some real fun

Just put your hands upon the hips of someone
Let them know the game has nearly begun
Oh! Now catch the rhythm from the beat of the drum
And get ready now to sing along

CHORUS

OLÉ% OLÉ% OLÉ% OLÉ% BABY
OLÉ% OLÉ% OLÉ% OLÉ%

Let me tell you the concept for tonight
Is party on right up into daylight
Now get up and get in line, we're in high energy
Get in the game, it's so easy you'll see

Just put your hands upon the hips of someone
Let them know the game has nearly begun
Oh! Now catch the rhythm from the beat of the drum
And get ready now to sing along

Chorus

Don't you stop yourself from losing control
The rhythm is shaking me down to my bones
Don't hold back anything, let yourself go
Around and around here we go

Chorus
