Get Lost

Time has been what you want it to be,
I don't care if you fuck'n crying for me.
You left me for him and that's no lie,
That was the biggest mistake of your life.
We've been over this a hundred times;
Didn't you get it the last couple tries?
Get lost I say get out of my way,
Get lost; I have no sympathy, no shame.
Feel the pain when you pushed me away,
Feel the fire that's heading your way.
You've broken my heart so many times;
I wish you wouldn't have told me so many lies.
You try to fight to win me back, when all you do is really
yak.
I'll never plan to take you back.
It doesn't matter how hard you try,
You can just tell your sorry ass good bye.
Get lost I say, get out of my way.
Get lost; I have no sympathy, no shame.
Feel my pain when you pushed me away,
Feel the fire that's going heading your way.
Leave me alone and stop calling me,
Why can't you just forget about me?
I hear your footsteps right behind me
You're following me to the next extreme
You say you want to make it last,
But I'll just let the time pass.
Get lost I say get out of my way,
Get lost; I have no sympathy, no shame.
Feel the pain when you pushed me away,
Feel the fire that's heading your way.
We've gone our separate ways,
There's no time to turn around and stay.
I have to let you go and there's no other way.
I don't know what you expect from me,
I really just want you away from me.
You're a pain in my soul that has no gold,
You are eventually going to mold.
Get lost I say get out of my way,
Get lost; I have no sympathy, no shame.
Feel the pain when you pushed me away,

Feel the fire that's heading your way.
Get lost I say get out of my way,
Get lost; I have no sympathy, no shame.
Feel the pain when you pushed me away,
Feel the fire that's heading your way.
