If I told you I know...
Everything about, what you're going through.
Would it even matter, what we do?
I know this is soon,
But there is something that, I can't help
When I see you, my heart melts.
If this is love,
Then why would you settle on this
Just look around and you'll see
Everything that:

[Chorus:]
We question everything
For our everything
I don't want to be alone
And you don't want to be afraid
This could work itself out

And we question everything
For our everything
With me you'll never be alone
With me you'll never be afraid
Baby take my hand

If I were to say,
Everything I feel,
Would that be enough,
To change this:

I'll say it to your face.
I'll say it in a song.
If this is love
This can't be wrong
(If It's Love, It Is Love)
I know you feel
The same way
I won't let
You get away
From me!

We question everything
For our everything

I don't want to be alone
And you don't want to be afraid
This could work itself out

And we question everything
For our everything
With me you'll never be alone
With me you'll never be afraid
Baby take my hand

I kiss your shoulder
I kiss your back
Once we jump
There's no turning back
(If it's Love, It Is Love)
I know you feel
The same way
I won't let
You get away
Ohh
I won't make
The same mistake
I will do
What it takes
(And we will never be alone. and we will never be
afraid)
(And we will never be alone. and we will never be
afraid)
(And we will never be alone. and we will never be
afraid)
(And we will never be alone. and we will never be
afraid)
(And we will never be alone. and we will never be
afraid)
