Now, I've been given sometime to think This through
We are in over our head
No disrespect to you
I now have my regrets
I'm leaving you, for good
Now the only thing left to say is:

Forgive me
Cause I'm leaving
My words are true
And now I'll give all my thank you's
I couldn't have done this without you
You'll never see my face again

And this is it:
I never really wanted anything to do with you.
I swear I swear you'll learn
You're wasting all, the best of me
You kept me away, from everything
The one person to blame is only:
YOU YEAH!

You don't have to lie, if you want to be free
I'm out of your hair
You can leave me now
I know the reasons for you sudden change of heart!

Forgive me
Cause I'm leaving
My words are true
Stop screaming
And just face it
Our time is through
