The situation never ends  
I know these walls can tell me things  
Like everything from the beginning  
To the end  
And in the end  
You never acted like a lady friend  
Such a disappointment  
Cause I thought that I could trust you

You ever notice that your words  
Choke me like razor wire  
Save it for the fire

So we're at our throats again  
The walls are closing in  
This whole thing  
Was meant to bring us down  
And in the end  
You never acted like a lady friend  
Such a disappointment  
Cause I thought that I could trust you

You ever notice that your words  
Choke me like razor wire  
Save it for the fire  
(Save it for the fire)

I had you at my best  
(Chances are I'll be gone when you hear this)  
You had me at your worst  
(Chances are I'll be gone when you're listening)  
I had you at your best  
(Chances are I'll be gone when you hear this)  
I had you at your worst  
(Chances are I'll be gone when you're listening)

A shame that you threw it

Situation never ends  
So we're at our throats again  
This isn't getting better  
Walls are closing in (in)

Situation never ends  
So we're at our throats again  
This isn't getting better  
Walls are closing in

You ever notice that your words  
Choke me like razor wire  
Save it for the fire  
You ever notice that your words  
Choke me like razor wire  
Save it for the fire  
(Save it for the fire)

You'll never find me here  
(Chances are I'll be gone when you hear this)  
I'm not waiting for you  
(Chances are I'll be gone when you're listening)  
Will this ever end?  
(Chances are I'll be gone when you hear this)  
You'll never find me  
(Chances are I'll be gone when you're listening)  
Cause I'm gone away  
(Chances are I'll be gone when you hear this)  
When you get this message  
(Chances are I'll be gone when you're listening)  
Because I've gone away
