So let's dance  
This night  
(Let's paint this town red)  
With the city lights

With the wind at our hair  
The throttle to the floor  
That's right, the wind at our hair  
Some place we can go to decide  
If we

Pulled off something that you didn't even care to do  
Definitely meant it all  
Pulled off something that you didn't even care to do  
Definitely meant it all

All I know  
Is that we'll dance this night away  
But you're too afraid

Hold on lush  
I've got the cure  
I bet you liked it all  
Me and you let's dance  
Just one more dance under the lights  
Hold on lush  
I've got the cure  
I bet you liked it all  
Me and you let's dance  
Just one more dance under the lights

Set down your drink  
And show me how you move  
Apologize, never more

Pulled off something that you didn't even care to do  
Definitely meant it all  
Pulled off something that you didn't even care to do  
Definitely meant it all

Hold on lush  
I've got the cure

I bet you liked it all  
Me and you let's dance  
Just one more dance under the lights  
Hold on lush  
I've got the cure  
I bet you liked it all  
Me and you let's dance  
Just one more dance under the lights

Drink your pride  
Drink your pride tonight  
Drink your pride  
Drink your pride tonight  
Drink your pride  
Drink your pride tonight  
Drink your pride  
Drink your pride tonight

All I know  
Is that we'll dance this night away  
But you're too afraid

Hold on lush  
I've got the cure  
I bet you liked it all  
Me and you let's dance  
Just one more dance under the lights  
Hold on lush  
I've got the cure  
I bet you liked it all  
Me and you let's dance  
Just one more dance under the lights

Drink your pride  
Drink your pride tonight  
Drink your pride  
Drink your pride tonight  
Drink your pride  
(If I could have just one more night)  
Drink your pride tonight  
(I'd dance with you under the lights)  
Drink your pride  
(If I could have just one more night)  
Drink your pride tonight  
(I'd dance with you under the lights)
