Something is wrong, no, something's not right
Like a man in the shadows in the middle of the night
And he's waiting in the wings, waiting in the wings for
you

Some things ain't sacred, like a bond, you can break it
You could split all the atoms, 'cause her soul's for the
taking
And he's waiting in the wings, waiting in the wings for
you

So come out, come out, come out
Come out, come out

Tell me how to say goodbye,
I know I've tried a million times to show you just how
much I love you
Feel you moving all around me,
Take my heart and throw it in the sea, hoping it's a bad
dream

Something is wrong, no, something's not right
Like a man in the shadows in the middle of the night
And he's waiting in the wings, waiting in the wings for
you

Some things ain't sacred, like a bond, you can break it
You could split all the atoms, 'cause her soul's for the
taking
And he's waiting in the wings, waiting in the wings for
you

So come out, come out, come out
Come out, come out

Tell me how to say goodbye,
I know I've tried a million times to show you just how
much I love you
Feel you moving all around me,
Take my heart and throw it in the sea, hoping it's a bad
dream

And I'll run away, away from the times
Forget everyone, forgetting the life that got in the way
That ruined the plans, and all of the moments that I
never had
That I never had

Tell me how to say goodbye,
I know I've tried a million times to show you just how
much I love you
Feel you moving all around me,
Take my heart and throw it in the sea, hoping it's a bad
dream

In the sea, hoping it's a bad dream
