I wish that you were here
You always knew just what to say to me to fight these
tears
And the sound of your voice
An angel speaking softly through the broken noise

And I-I say, is there anybody out there?
Is there anybody out there?

Footsteps in the dark
I want to be right where you are
And wash away the fears so I can hear
Footsteps in the dark

If I could be as strong
The mountain that you were, standing high in a place
so wrong
None to compare
To the fire in your eyes when you looked at me and
said goodnight

And I-I say, is there anybody out there?
Is there anybody out there?

Footsteps in the dark
I want to be right where you are
And wash away the fears so I can hear

And I try to do it all without you and love the way that
you do
And time, heal me of this broken heart

Footsteps in the dark
I want to be right where you are
And wash away the fears so I can hear

Footsteps in the dark
I want to be right where you are
And wash away the fears so I can hear
Footsteps in the dark
Footsteps in the dark
