(Verse)

There's a spotlight shining on her tonight
Could've been the way she smiled
No, I'm not going down without a fight

My heart is racing

I can't forget the feeling burning inside my chest
No, I could never
I could never say goodnight

(Chorus)

Your love is forbidden
I want to be the last one taking you on
Give me a reason
Why you want to run when you got it all?
No, I never want to let you go
Your love is forbidden and you won't ever know

(Verse)

Are you hoping for the next one to come along?
What you got when it's all said and done?
But I've been waiting for you to forget
The past is running wild in your head
No, I could never
I could never say goodnight

(Chorus)

Your love is forbidden
I want to be the last one taking you on
Give me a reason
Why you want to run when you got it all?
No, I never want to let you go
Your love is forbidden and you won't ever know

(Bridge)

Why you want to run, yeah why you want to run?
Why you want to run, yeah why you want to run?
Why you want to run, why you want to run?
And I won't go down without a fight

(Chorus)

Your love is forbidden
I want to be the last one taking you on
Give me a reason
Why you want to run when you got it all?
No, I never want to let you go
Your love is forbidden and you won't ever know

Your love is forbidden
(Why you want to run, yeah why you want to run?)
Your love is forbidden
(Why you want to run, yeah why you want to run?)
No, I never want to let you go
Your love is forbidden and you won't ever know
